Greek Life Community Report | 2024-25

GREEK LIFE

THE YEAR IN REVIEW

Since its establishment at Auburn in 1878, the Greek Community has instilled values of academic excellence, philanthropy, and servant leadership in thousands of sorority women and fraternity men. Today, about 9,800 students – 35% of the undergraduate student body – belong to one of Auburn’s Greek organizations. This report provides an overview of each council and highlights key data for each chapter.

YEAR IN REVIEW

The **PANHELLENIC COUNCIL** hosted another record-breaking primary recruitment with 2,194 potential new members registered, the highest in council history.

❶ The **NATIONAL PAN-HELLENIC COUNCIL (NPHC)** hosted their signature event, *Tiger Stomp*, in October in partnership with the Black Student Union. With over 300 students, faculty, staff, and alumni attending, the step show is the council's most prominent social event and featured six step teams. This year, Auburn's Omicron Kappa chapter of Alpha Phi Alpha Fraternity, Inc. took home first place.

The **INTERFRATERNITY COUNCIL (IFC)** was awarded certificate recognition in Campus and Community Relations Certificate, Civic and Philanthropic Engagement Certificate, and Cross-Council Collaboration, as well as the Council Impact Award this spring from the Southeastern Greek Leadership Association Conference.

NPHC welcomed 80 new members to the council during the Spring semester across six chapters.

ORDER OF OMEGA and **RHO LAMBDA** welcomed 179 students into their Greek honor societies during the Spring and Fall semesters.

IFC welcomed Beta Theta Pi back to the council in August.

PANHELLENIC was recognized in two major categories, Campus Impact and Community Cultivation, this spring at the Southeastern Greek Leadership Association Conference. Additionally, the council received certificates in Academic Enhancement, Campus and Community Relations, Educational Programming, and Social and Cultural Engagement.

❷ **IFC** hosted their first annual Murph Event, a CrossFit challenge honoring Navy Lieutenant Michael Murphy. Through this event, they raised \$16,000 for the Navy SEAL Foundation.

The **GREEK PROGRAMMING BOARD (GPB)** was reestablished in January 2025, consisting of five student leaders across NPHC, IFC, and Panhellenic. The GPB's purpose is to enhance the Greek experience through programs, events, and initiatives that promote collaboration, leadership, and service among all Greek organizations.

NPHC was presented the Community Cultivation Award as well as a certificate of recognition in Academic Enhancement, Civic and Philanthropic Engagement, Cross-Council Collaboration, and Leadership Development this spring from the Southeastern Greek Leadership Association Conference.

❸ Through the annual Greek Sing event held in April, **PANHELLENIC** raised over \$170,000 for the Auburn-Opelika Habitat for Humanity. The event proceeds will go toward building houses in our community.

PANHELLENIC, **NPHC**, and **RHO LAMBDA** collaborated to host their annual "Women's Leadership Panel" in November. The event featured a panel of women student leaders who shared advice on navigating leadership roles in college, followed by a networking session with attendees.

NPHC participated in Auburn High School's annual Historically Black Colleges and Universities Expo hosted by the Ace Club to educate 30 high schoolers about the collegiate experience in culturally based organizations and perform step routines.

The **IFC** delegate program organized and hosted a Fall Carnival and a Spring Easter Egg Hunt for Project Uplift mentors and mentees, with over 100 attendees across both events.

GREEK *Excellence* AWARDS

Auburn University Greek Life values scholarship, community, service, and philanthropy within our organizations. The Greek Excellence Awards recognize outstanding chapters, individual student leaders, and advisors for exemplifying these values. On February 11, 2025, the Greek community gathered for a reception to celebrate these accomplishments.

IMPACT OF THE GREEK EXPERIENCE

Students join Greek organizations for a variety of reasons, including building lifelong friendships, developing leadership skills, receiving academic support, and engaging in meaningful community service. In partnership with the Timothy J. Piazza Center for Fraternity and Sorority Research, Greek Life administered the Fraternity and Sorority Experience Survey (FSSES) in Fall 2024 to gain insights into members' collegiate and Greek membership experiences. A total of 5,192 students participated in the survey, representing at least one member from each of our 54 organizations.

SELECT SURVEY RESULTS

- 97%** believe their chapter always upholds their organizational values.
- 97%** believe their chapter has given them the ability to develop positive relationships with others.
- 96%** believe their chapter has given them a sense of campus community and a commitment to serve the community.
- 90%** believe their chapter has a positive impact on their GPA.
- 90%** believe their fraternity/sorority experience is valuable or very valuable to their overall collegiate experience

While some students initially join Greek Life for a community of friendship, the effects of fraternity and sorority life extend to the workforce. The Auburn Greek community is proud of students' success during their undergraduate years and in their future careers. By collaborating with Academic Insight, Greek Life was able to pull statistical data that highlights just how much these values really impact career readiness.

UNDERSTANDING THE DATA

This report is patterned after the national Fraternity and Sorority Scorecard created by the Timothy J. Piazza Center for Fraternity and Sorority Research and Reform. The National Fraternity and Sorority Scorecard aggregates data across member institutions to better understand how councils and chapters perform on key indicators. The scorecard gives institutions and national organizations the information they need to benchmark their local chapters against the national landscape.

Auburn University is a participating member of the National Fraternity and Sorority Scorecard. This scorecard is created twice a year during the fall and spring semesters. Due to data collection, the scorecard is distributed in the following fall or spring semester.

Membership

Membership rosters are submitted by each chapter to Greek Life every semester. The rosters are verified to be Auburn University students.

Academics

All academic information is calculated by the Auburn University Office of Institutional Research using the membership rosters provided by the chapters.

For organizations with three or fewer new members, the reported new member grade point average is not reported and is shown as “****” to ensure confidentiality in the community regarding student grades. The individual chapter receives the comprehensive grade reports.

Conduct

If a chapter is found responsible for violating university policies, a checkmark appears under the type of violation – alcohol, hazing, or other. The checkmark indicates the organization has been found responsible for violations through the Code of Student Conduct or the Interfraternity Council judicial process. Please note that this report lists organizational misconduct and not individual misconduct.

Definitions for types of violations are:

- Alcohol – Any violation that includes the misuse or distribution of alcohol.
- Hazing – Any hazing violation as defined by the Auburn University Hazing Policy.
- Other – Any other violations, including trespassing, fire/life safety, etc.

Fraternities and Sororities suspended from Auburn University during the reported semester will appear in this report but will be listed with an asterisk to indicate that they are no longer in good standing with the university. All fraternities and sororities must comply with the Greek Life Expansion Policy and any governing council policies to return to campus. Organizations are not guaranteed automatic approval to return after a suspension.

Service and Philanthropy

Philanthropic dollars and service hours are self-reported by each chapter. The data reported corresponds with data provided to the organization’s headquarters.

Not all organizations submitted complete information. The following symbol indicates the response by the organization.

- Dash (-) – indicates the number zero (0) was submitted.
- No Submission (NS) – indicates no information was submitted on the chapter’s behalf.
